

CRCL THEMATIC DAY

“Emerging models in cancer research”

January 14, 2022

Videoconference

PROGRAM

9.30 AM – Introduction. Patrick Mehlen, Yenkel Grinberg-Bleyer

9.45 AM – Robert Insall, Beatson Institute for Cancer Research, UK

How cells steer themselves and make their own paths in metastasis and development ?

11.00 AM - Martin Zach, Czech Academy of Sciences, Prague, Czech Republic

The role of assumptions in modeling cancer

Moderators: Erika Cosset / Marc Billaud

LUNCH BREAK

2.00 PM – Julien Ablain, Centre de Recherche en Cancérologie de Lyon, France

From genes to drugs: using zebrafish to study cancer

3.15 PM - Vera Gorbunova, University of Rochester, USA

Anticancer mechanisms in long-lived mammals

Moderators: Virginie Petrilli / Fabrice Laval
